FAQS

Is booking essential?

Yes. Even if it is a last minute decision we will need you to call ahead.

Will I still be able to come to the pub just for a drink?

Yes you can come to the pub for a drink but we are not doing bar service – only drinks served at tables. Also, you will need to book a table for drinks via the phone

Can I book a table just for drinks?

Yes you can book a table just for drinks but where people are eating we will need to prioritise tables for them. Drinks tables will be in the garden but please note that in the event of bad weather it is unlikely that your booking will be moved to an inside table.

Is there a maximum number for table bookings?

We ask all our clients to comply with the Government's rules on this. At the moment the Government advise meeting externally with no more than 6 people outside of your family group and there is no limit to the number from within your family group provided you all live together. We are not able to tell who is family and who is not and we do not know who lives with who so we ask everyone to respect the Government's advice.

The person booking the table will have to provide Full Name, Phone Number & Email Address. The person booking the table will be responsible for having the contact details of every person that is dining or drinking with you.
